

Remote Ergonomic Assessments

ERGOhealthy Coaches work with people via online and telephone to conduct office ergonomic assessments and solve ergonomic problems.

When you need an office ergonomics assessment there's no substitute for an expert evaluation.

Our ergonomics team has been carefully assembled based on their EXCEPTIONAL technical and service skills, follow-up, patience, and love (yes love) for people.

We perform 97% of our office ergonomic evaluations remotely with a 95% success rate. Not every evaluation can be performed remotely (hence the 95% success rate).

WHAT'S DIFFERENT ABOUT ERGOHEALTHY REMOTE ASSESSMENTS

REDUCED COSTS

- **\$295 flat fee.** No travel or additional costs.
- **Free Webinars.** Ergonomics 101 and other pertinent updates conducted throughout the year.

MAXIMIZE RESULTS

- **Evaluations based on epidemiologic evidence.** We believe ergonomics is less about furniture and specialty ergonomic equipment (although important in some cases) and more about posture and helping people understand ergonomics.
- **Six months of ergonomic coaching.** 30-day follow-up and six months of as-needed support.

CERTIFIED ERGO PROS

- **Certified Office Ergonomic Analysts.** In addition to hands-on experience and formal instruction, ERGOhealthy Coaches go through rigorous training as remote evaluators.
- **ERGOhealthy Coaches** create a customized ergonomics approach that promotes safe computing and prevents ergonomic injury.
