

Safety and Risk Control

**Head Start, School, Daycare
Operators, and Child & Youth
Service Providers**

**When you need a
school or daycare
safety risk control
professional there's no
substitute for an expert.**

Our Team has real-world working experience handling employee safety, child and youth safety, fleet, facilities, and all aspects of risk and safety in the non-profit, Head Start, school, and youth services environment.

We create, build, and enhance general and specialty safety, risk management, and disaster preparedness/emergency plans. Annual service plans and individual services offered.
